As of January 2013, no computers, monitors, computer peripherals nor TVs may be disposed of into the trash dumpsters on campus.

The Covered Device Recycling Act (CDRA) prohibits the disposal of this equipment. It must be recycled.

A “covered device” includes

- Desktop and notebook computers
- Computer monitors
- Computer peripherals such as a keyboard, printer or any other device sold exclusively for external use with a computer
- Televisions

What do I do with this equipment?

Several local organizations have recycling programs already in place!
