Houses Packing List

What Comes in a House?
All house bedrooms offer each student a desk, desk chair, and wardrobe with drawers. If the wardrobe does not have drawers, a separate dresser is provided. The beds are the extra-long twin size.

Blinds are pre-hung on the windows. Wireless networking is available as well. The living room will have soft-seating (i.e. couch or loveseat and chairs). Window sizes vary between houses. The kitchen includes a refrigerator/freezer, stove and oven, and cabinet space. In addition, a dining room table and chairs are provided.
