The purpose of the Certification of Finances is to help colleges and universities obtain complete and accurate information about the funds available to international applicants who want to study in the United States. Strict government regulations, rising education costs and economic conditions have made verifying the financial resources of international applicants essential. Institutions do not have the option of deciding whether to verify the financial resources of their international applicants; financial verification must be made prior to institutional issuance of a Certificate of Eligibility (Form I-20 or DS-2019).

This form is designed to standardize financial information provided by applicants to colleges, universities and U.S. consuls. By completing this form and returning it to the college or university requiring it, an applicant, if admitted, may obtain that college’s authorization and issuance of a Certificate of Eligibility (Form I-20 or DS-2019). If parents and/or sponsors are unable to obtain a bank official’s verification, it is recommended that institutions forward a copy of the International Student Financial Aid Application to the family for completion. The institution should attach a copy of this certification to the Certificate of Eligibility. U.S. consuls scrutinize the statements of financial resources given by nonimmigrant visa applicants. This certification will help such officials make their decisions and expedite visa issuance.
