27th Heritage or Hate?
William Walker Room, 7-9 pm
The call for removal of confederate monuments and memorabilia around the country has sparked a nationwide debate. Some argue that these tokens are an important part of their heritage and that forbidding their presence in public would be like erasing history. Others raise concerns that these symbols represent hate and fail to address America’s long history with racism. Come join us for a discussion that critically examines both sides. Are the symbols at the center of this controversy a sign of heritage or hate? In partnership with UNITY and Allies Committed to Social Justice (ACTS.)
