

COMMENCEMENT PROGRAM

May 9, 2026

York College of Pennsylvania

Established in 1787, York College of Pennsylvania is a private, four-year college located in the city of York, a hub of arts and industry between Baltimore and Philadelphia. Housed on 190 picturesque acres, the College is known for its focus on experiential learning and community engagement, serving over 3,800 undergraduate and graduate students in more than 70 baccalaureate majors, along with 30+ professional graduate degree and certificate programs. York College is deeply rooted in the liberal arts and recognized for excellence in its professional business, education, engineering, and nursing programs. The College's robust recreation and athletics program is among the best in the region, and is home to 24 NCAA Division III sports teams and 25+ intramural/club sports. York prides itself on its experienced, engaged faculty; its high-impact and student-centric philosophy; and its long-standing commitment to affordability and accessibility.

Alma Mater

Ralph Woolley

The Years shall pass, but we will not forget
Our alma mater dear.
Resound the hallowed halls with homage yet
Keeping faith without fear.
Consecrated to the truth and right,
Our pledge to thee, old green and white;
Let the chorus fill the air,
Let the song go everywhere,
Every heart sing bold and free,
Giving praise old York to thee
E'en to eternity.

These Commencement proceedings are a celebration of the achievements of our students, faculty, and honorees— as well as a show of appreciation to the loved ones who have supported those achievements.

Out of respect for those we honor here, and those who have come to acknowledge and celebrate their good work, we ask that you do all you can to create a congenial atmosphere. Please silence cell phones and refrain from any behaviors that might interfere with or disrupt these proceedings.

Grad Images takes professional photos of each graduate during the ceremony. Grad Images will reach out to graduates a few weeks after commencement with a link to view their photos online. Ordering photos from Grad Images is optional for graduates and their families. For more information, visit gradimages.com.

Commencement Speaker

Bryce Johnston

Bryce Johnston '11 is a senior vice president with the Philadelphia Eagles, where he recently completed his 10th season with the organization. Promoted during the 2024 offseason, Johnston serves as senior vice president/tertiary football executive, focusing on salary cap and resource allocation strategy, player acquisition, contract negotiation and structuring, roster transactions, and compliance with the NFL's Collective Bargaining Agreement.

Since joining the Eagles as a football administration intern in 2016, Johnston has advanced through roles of increasing responsibility, including football administration coordinator, director of football administration, senior director of football transactions, and vice president of football transactions and strategic planning.

Prior to his career in professional sports, Johnston practiced law as a corporate associate at Proskauer Rose LLP, where he focused on mergers and acquisitions and other transactional matters.

A native of Medford, New Jersey, Johnston graduated summa cum laude from York College of Pennsylvania in 2011 with a bachelor's degree in sport management. He was also a four-year member of the College's Division III men's lacrosse team. Johnston earned his Juris Doctor degree, magna cum laude, from Georgetown University Law Center in 2014.

Recognition of Retiring Faculty

Kinsley School of Engineering, Sciences and Technology

Dr. Scott Hamilton is a Professor of Civil Engineering at York College of Pennsylvania. He joined York College in 2016 as the founding faculty member for the Civil Engineering program and has been instrumental in its success and growth over the first ten years. A registered Professional Engineer, Scott earned his M.S. and Ph.D. in Civil Engineering, as well as a Master's in Engineering Management, from Stanford University. He also holds a B.S. from the United States Military Academy at West Point. He is a retired U.S. Army Corps of Engineers officer who has had assignments in the U.S., Germany, Korea, and Afghanistan. During his military career, he spent over ten years on the faculty at the U.S. Military Academy at West Point, teaching civil engineering. He also served as the Director, Graduate Professional Development at Northeastern University's College of Engineering. He is the recipient of the 2021 National Society of Professional Engineers (NSPE) Engineering Education Excellence Award and the 2019 American Society of Civil Engineers (ASCE) Thomas A. Lenox ExCEED Leadership Award.

Library and Technology Services

Dr. Zehao Zhou joined the faculty of York College of Pennsylvania in 1992, embarking on a rewarding career as a faculty librarian and historian. Holding an M.L.S. and M.Ed. from Kent State University and a Ph.D. in History from the University of Maryland, Dr. Zhou served for over three decades as a dedicated researcher and educator. At Schmidt Library, he provided deep research support and served as a long-term liaison to the Nursing Department, assisting students and faculty across undergraduate, graduate, and doctoral programs with their scholarly projects. His role as a faculty member was further defined by many years of teaching a core curriculum course Information Literacy, and service on multiple faculty committees.

A survivor of China's Cultural Revolution, Dr. Zhou transformed his lived experiences into a prolific body of scholarship and archival preservation. His research focused on the 1966 destruction of Qufu—the birthplace of Confucius, often referred to as "China's Mecca"—marking the first major academic study of this tragic event. As a primary editor for the Databases on the History of Contemporary Chinese Political Movements, he collaborated on an international archival milestone that produced the world's premier databases on the Chinese Cultural Revolution and Great Leap Forward. His expertise on the Cultural Revolution led to a 2024 feature on NPR's "On Point". In the York community, Dr. Zhou's legacy is one of enduring advocacy and bridge-building. For 26 years, he served as a facilitator and organizer for Pennsylvania's China-Burma-India (CBI) World War II veterans, earning the title of Honorary Commander from the Keystone Chapter in recognition of his devotion to the veterans of the "Forgotten Theater."

His humanitarian efforts included key involvement with the York County Bar Association and the grassroots organization People of the Golden Vision, as well as immigration advocacy through the Pennsylvania Immigration Resource Center (PIRC). These contributions were featured on NPR's "StoryCorps" and led the York Sunday News to recognize him as one of the "People Who Matter." Dr. Zhou retires with deep gratitude for the opportunity to have served the York College community and to have helped preserve the voices of those often forgotten by history.

Library and Technology Services

Vickie L. Kline concludes a 36-year career at York College of Pennsylvania as an Associate Professor and Systems Librarian. Serving in a vital dual role, she bridged the gap between complex library systems and student-centered pedagogy. A pioneer in the digital transformation of libraries, Professor Kline guided Schmidt Library through multiple generations of integrated library systems, e-resource management systems, discovery tools, and web designs, ensuring the Library remained at the forefront of information technology. Kline co-designed and taught an Information Literacy core curriculum course, which she later adapted for students with visual impairments using JAWS and ZoomText. She also taught a First-Year Seminar course, “Footprints in Silicon”, that explored the continuously evolving relationship between students and emerging information technology. Beyond the library, she chaired the Instructional Resources and Faculty Enhancement Committees and co-chaired or contributed to standards task forces for four Middle States reviews. Her commitment to student success was reflected in her work with DEI, accessibility, and first-generation student initiatives.

A respected voice in the library professional community, Kline served as President of the DRA User Group Board, Chair of the College and Research Division of the Pennsylvania Library Association (PaLA), and has presented at over 50 conferences and published in venues such as *Online Information Review* and *Computers in Libraries*. Her research on hyperlink decay, authority control, metadata standards, and search engine evolution has left a lasting mark on the field, defining a career dedicated to service, innovation, and the empowerment of the next generation of scholars and librarians.

Kline earned her Master of Science in Library Science from University of North Carolina at Chapel Hill and a Bachelor of Music with Honors and High Distinction from Pennsylvania State University. Vickie shared her love of music and literacy with a number of community organizations, including the York Symphony Chorus, Center Stage Opera, York County Literacy Council, and the Aldersgate United Methodist Church.

School of the Arts, Humanities, Education, and Social Sciences

Jeffrey Schiffman has had a remarkable career that blended professional broadcasting with a deep commitment to education. A 1979 graduate of Gettysburg College, he spent 33 years in commercial radio, working at WIKZ-FM in Chambersburg, WLPA-AM in Lancaster, and WSBA-AM in York, where he served as a disc jockey, news reporter, sports anchor, director, and program director. His sports coverage spanned high school athletics, Millersville football and basketball, the Baltimore Orioles, the Baltimore Ravens, and Penn State football and men’s basketball, earning him five Pennsylvania Associated Press Sportscaster of the Year awards. He began sharing his expertise with students as an adjunct instructor at York College of Pennsylvania in 2006, and in 2013 transitioned to a full-time role as an instructor and Manager of WVYC-FM, where he oversaw all station operations while teaching radio and audio production courses.

Beyond the classroom and the broadcast booth, Schiffman has been a dedicated member of the YCP community and the broader profession. He served as a student academic advisor, a New Spartan Days leader, and a member of the IRC Committee, while also maintaining a long-standing involvement with the Broadcast Education Association, where he chaired the Student Audio Competition from 2017 to 2024 and earned four Faculty Audio Awards. His passion for volleyball led him to serve as president of the Damons Volleyball Club, as a five-time play-by-play announcer for the PIAA Girls’ and Boys’ Volleyball Championships, and as a public address announcer for Penn State Women’s Volleyball. He and his wife, Lynne Morrison—Executive Director of the Rotary Club of York—have been married since 1983 and are the proud parents of two sons, Ben and Sam, a 2020 YCP graduate.

Academic Regalia

The medieval scholar wore a clerical robe so all would know his station in society. The clerical-type robe was appropriate, since all students were expected to become part of the clergy. Distinctions have always been made among the academic grades. Thus, the robe of the doctor is more elaborate than that of the master, and the master's is different than the undergraduate student.

Academic regalia has always consisted of three parts—the gown, the hood, and the cap. There is considerable variation in European universities. In 1893, a system was adopted in the United States so that one could tell at a glance the university where the degree was earned, the field of study in which the degree was earned, and the level of the earned degree.

Most robes are black, although occasionally a particular university may adopt a robe of another color, such as Harvard in adopting the crimson as its own. Doctoral robes are longer, fuller, and more richly trimmed, with bands of velvet down the front and on the sleeves. These can be black or symbolize a field of study. The master's gown has sleeves usually cut above the elbow and the bachelor's gown is a simple pleated robe.

The cap of most American universities is typically the stiff, square, black traditional mortarboard with black tassel. The doctoral cap may have a gold tassel, with the tassel worn on the left. Many European universities favor the soft beret-type cap, and a few American institutions use this type.

The hood is the most interesting and colorful part of the regalia. The largest hood is the doctor's, while the smallest is the bachelor's. The color, or colors, of the hood's lining, arranged in chevrons, symbolizes the colors of the college or university that granted the degree. Thus, York College of Pennsylvania has chevrons of green and white. The velvet trim, visible at the neck, indicates the field of study in which the degree was earned. Some frequently seen hood colors and the fields of study are as follows:

Golden yellow | Science
White | Arts and Letters
Light blue | Education

Pink | Music
Drab | Business
Apricot | Nursing

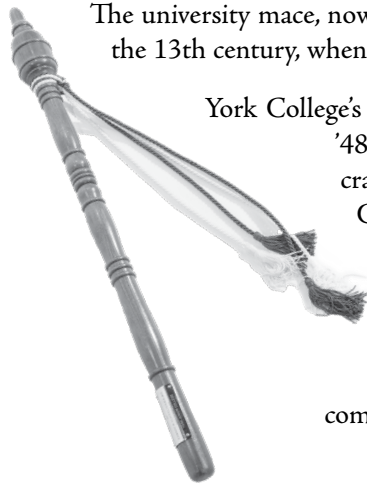

Scarlet | Theology
Dark blue | Philosophy
Lemon | Library Science

Seal

The York College seal was first shared on the cover of the March 1970 issue of *The York Scene*, the alumni publication at the time. That issue also offered an explanation of the seal's meaning: "The open book suggests the basic reason for the existence of York College—that the institution holds as its purpose the primacy of a good education. The green and white colors which make up the seal are variously reversed in contiguous areas. The motto, 'servire est vivere,' is translated as 'To serve is to live.' It states a basic axiom of that which the nobleman seeks. Certainly, service to mankind is that ideal to which society should attain, and without which society becomes self-seeking and individualistic and in effect, 'dies.'"

Mace

The university mace, now used during commencement and convocation ceremonies, traces its origins to the 13th century, when it was held by the protector of a sovereign at official meetings.

York College's official mace, carried by the Head Marshal, was created by Edward Glatfelter '48 and presented in 1961 to York Junior College President Dr. Ray Miller. It is crafted from two pieces of wood believed to have come from the buildings of the College's earliest predecessor institutions: York County Academy (founded in 1787) and York Collegiate Institute (founded in 1871).

The smaller black maces, carried by other Marshals during the procession, are the earliest versions of the College's academic mace and were first used during the 1959 commencement exercises. The tradition of leading the commencement procession with the College's mace has continued for over 50 years.

Acknowledgments

Grateful appreciation is extended to the many people who have contributed to the success of these Commencement Exercises by generously giving their time and talents. Acknowledgments include the facilities staff members, who ensure the campus and event site are ready to welcome those who come to celebrate our graduates; the ushers, who warmly greet our guests and help ensure their comfort throughout the event; and the volunteers, who work behind the scenes to help everything go according to plan.
